December 2025

Bank Establishment

Jordan Islamic Bank was established (as a public limited shareholding company) in 1978 to practice banking and investment business in accordance with the provisions of Islamic Sharia, in accordance with the Law of Jordan Islamic Bank No. (13) of 1978. The aforementioned law was repealed, and was replaced by a chapter on Islamic banks within the Banking Law. No. (28) of 2000 and became effective as of 2/8/2000.

The bank provides its banking, investment and financing services through its branches (86 branches and 19 offices) spread throughout the Kingdom, in addition to three digital self-service corners (Islami Digital), in addition to Bonded Office. It also provides ATM services, which number in branches and public facilities throughout Jordan (326) machines.

Total Staff of The Bank employs (2,414) male and female employees who are characterized by sufficient experience and knowledge to provide Islamic banking services. The number of customer accounts operating in the bank has reached (1,3) million accounts, and the bank has been able to grow continuously and rapidly, and to consolidate its position in the front group of Jordanian banks. It was able to provide banking and investment services to customers in accordance with Sharia controls that take a distinct approach to the Islamic economy and adopt a vision different from traditional visions of the function of money.
